#### REPORT ON REVIEW OF INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION

The Board of Directors
JTC Logistics Transportation & Stevedoring Company. K.S.C.P.
State of Kuwait

#### Introduction

We have reviewed the accompanying interim condensed consolidated statement of financial position of JTC Logistics Transportation & Stevedoring Company. K.S.C.P (the "Parent Company") and its subsidiaries (collectively, the "Group") as at September 30, 2025 and the related interim condensed consolidated statements of profit or loss and profit or loss and other comprehensive income for the three months and nine months then ended and interim condensed consolidated statements of changes in equity and cash flows for the nine month period then ended. Management of the Parent Company is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with International Accounting Standard 34, "Interim Financial Reporting". Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

#### Scope of Review

We conducted our review in accordance with International Standard on Review Engagements 2410, "Review of Interim Financial Information performed by the Independent Auditor of the Entity". A review of interim condensed financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

#### Conclusion

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared, in all material respects, in accordance with International Accounting Standard 34

#### Report on Other Legal and Regulatory Requirements

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Parent Company. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016 and its Executive Regulations, as amended, or by the Parent Company's Memorandum of Incorporation and Articles of Association, as amended, during the nine month period ended September 30, 2025 that might have had a material effect on the business of the Parent Company or on its financial position.

We further report that, during the course of our review, to the best of our knowledge and belief, we have not become aware of any violations of Law No. 7 of 2010 concerning the Capital Markets Authority and its Executive Regulations, as amended, during the nine month period ended September 30, 2025, that might have had a material effect on the business of the Parent Company or on its financial position.

#### 8. Taxation

#### 'Pillar 2 Income Taxes'

In 2021, OECD's Inclusive Framework (IF) on Base Erosion and Profit Shifting (BEPS) had agreed to a two-pillar solution in order to address tax challenges arising from digitalization of the economy. Under Pillar 2, multinational entities (MNE Group) whose revenue exceeds EUR 750 million are liable to pay corporate income tax at a minimum effective tax rate of 15% in each jurisdiction they operate. The State of Kuwait in which the Group operates has joined the IF. Currently the Group's revenue does not exceed EUR 750 million but may be exposed to the global minimum tax by virtue of the Parent Company which is domiciled and operating in the State of Kuwait. On December 31, 2024, the State of Kuwait enacted Law No. 157 of 2024 (the "Law"), introducing a Domestic Minimum Top-Up Tax (DMTT) effective from 2025 on entities which are part of MNE Group with annual revenues of EUR 750 million or more. The Law provides that a top-up tax shall be payable on the taxable income at a rate equal to the difference between 15% and the effective tax rate of all constituent entities of the MNE Group operating within Kuwait. The Law effectively replaces the existing National Labour Support Tax (NLST) and Zakat tax regimes in Kuwait for MNEs within the scope of this Law. The taxable income and effective tax rate shall be computed in accordance with the Executive regulations which were issued on June 29, 2025. The Group had accounted for a provision of KD 396.125 based on the initial assessment for DMTT as of September 30, 2025 as allocated by the Ultimate Parent Company within "general and administrative expenses" in the interim condensed consolidated statement of profit or loss for the period ended September 30, 2025 (Note 6).
